A Moment of Gratitude

As we celebrate our country's birthday, let us truly take a moment to appreciate the life we have the privilege of living. I share with you an email I received one Thanksgiving; the following is something to ponder:

If you have food in the refrigerator, clothes on your back, a roof overhead and a place to sleep ... you are richer than 75% of this world.

If you have money in the bank, in your wallet, and spare change in a dish someplace ... you are among the top 8% of the world's wealthy.

If you woke up this morning with more health than illness ... you are more blessed than the million who will not survive this week.

If you have never experienced the danger of battle, the loneliness of imprisonment, the agony of torture, or the pangs of starvation ... you are ahead of 500 million people in the world.

If you can attend a church meeting without fear of harassment, arrest, torture, or death ... you are more blessed than three billion people in the world.

If your parents are still alive and still married ... you are very rare, even in the United States.

If you hold up your head with a smile on your face and are truly thankful ... you are blessed because the majority can, but most do not.

If you can hold someone's hand, hug them or even touch them on the shoulder ... you are blessed because you can offer healing touch.

If you can read this message, you just received a double blessing in that someone was thinking of you, and furthermore, you are more blessed than over two billion people in the world that cannot read at all.

Have a good day, count your blessings,

Celebrate Life. Celebrate Family. Celebrate Freedom.

The Power of Awareness

"How are you?" It's the most common question we hear in our lives and we answer, often without thinking how we really feel, "fine, how are you?"

But really, HOW ARE YOU?

Are you happy?

Are you involved in a relationship that fulfills you?

Are you struggling with finances?

Are you challenged with family issues that seem to repeat again and again?

Perhaps you are simply stuck in your life and sit on the couch each night after work wondering if this is this it? Is this my life? What happened to my dreams of the job I loved, the amazing family, the travel, the home I always wanted? Do you find yourself wondering if it's just too late to have those things? How does that make you feel?

Welcome the Power of Awareness!

The difference between the people who live a life that they love that is filled with **joy, passion, happiness, ease, and grace**, and the people who exist in a state of depression, anxiety, constant worry, and apathy is the quality of their thinking. People who are happy have learned to think well of themselves, they understand how their thoughts effect their life, and their life reflects the quality of their thinking. People who are unhappy just think that's how it's supposed to be. The funny thing is that they are both right.

We all have the ability to live the life we want and to create the experiences we want. We just need to learn to think better thoughts, and then keep thinking them.

At the Power of Awareness Seminar you will begin a process of self-discovery that is fun, safe, and easy. During this process you will be guided by experienced coaches who have confronted these same questions that you face.

- You will identify your own limiting beliefs about yourself and your situation.
- You will identify how fear stops you.
- You will identify how your beliefs about yourself were created and how to change them.
- Develop clarity and confidence in your thoughts.
- You will reconnect with yourself

At the core of The Power of Awareness is the belief that everyone is magnificent and has a unique and special gift to share with this world. Our goal is to help you connect with yourself so that you can bring this gift to the world now.

Join us in the adventure of reconnecting to yourself and creating the life you've always wanted.
